**No Medical Exams,
no exclusions for
pre-existing conditions,
no prior authorizations
required.**

This is not an insurance plan.

Administered by **MAXCARE**

What is the RxAdvantage Discount Club

The RxAdvantage Discount Club was developed to provide additional discounts on many prescription drugs to patients with little or no prescription insurance coverage.

How does it work?

Simply notify the pharmacy staff that you would like to sign-up and they will provide you with a membership card right away. Best of all, membership is **FREE** and your savings will begin immediately.

Will I receive a discount on all of my medications?

While many prescription medications are discounted under the RxAdvantage program, some exclusions may apply. Ask the pharmacy staff for details.

What if I already have prescription benefits?

Ask the pharmacy staff if participation will provide any additional benefit beyond your prescription coverage.
