

Introducing: Atorvastatin – Generic Lipitor®

Are you currently taking Lipitor?

The generic equivalent for Lipitor (atorvastatin) became available on December 1, 2011

You can now enjoy lower copays by switching to generic Lipitor (atorvastatin).

MaxCare wants to help you save money.

Atorvastatin:

- Is bioequivalent to Lipitor
- Meets FDA standards for quality, strength, purity, and potency
- Will help your patients spend less for the same therapeutic benefit
- Is preferred on the MaxCare formulary

Please contact MaxCare's customer service department if you have any questions.
